### Saturday, 29<sup>th</sup> June

On Saturday afternoon Wolvercote and Marston ringers joined together to ensure another successful teddy bear (and numerous other cuddly toys) zip-wire from the top of St Peter's church tower as part of the Patronal Fête. Between the zip-wire and the bric-a-brac stall, just over £100 was realised towards the Wolvercote ringers ongoing fund raising.

### Sunday, 30<sup>th</sup> June

Due to one of those administrative oversights that occur occasionally, we only had five ringers on Sunday morning (June 30) so we took the opportunity to gently persuade Kathy Xu to put her recent conducting practice to the test and call part of the quarter peal. 1260 Doubles 7m/v Plain Bob, April Day, Seighford, Litchurch, May Day, Kennington, Grandsire

### Back in the Day – Saturday 9th July 2016 - Adrian' & Ailsa's Morning Outing to Berkshire.

Yattendon, SS Peter and Paul & Englefield, St Mark

The church in Englefield is situated amidst the 20,000 acre private estate, which includes a deer park that borders the driveway leading to St Mark's.

Although the church was extensively rebuilt in 1857, much of the 12th century stonework and old roof timbers were reused. The tower, surmounted by a broach spire, is constructed in the 13th century style.

Our morning ended with a relaxing lunch in the tea rooms on the estate.
