### Feedback from previous issue:

*The Beales from Wolvercote - Thanks Hugh for your insight into what's going on out there! Please do keep us updated of your latest observations and more importantly keep safe yourself. PS We also loved the quiz! ❤️*

*Mary Bayliss, Cowley - Thank you so much for the Update, so good of you to organise it and those who contribute to it. Please pass on my thanks and also add to Benjamin that his photography is awesome. Please pass my hellos from St James and say that we are praying for good health for all, peace and strength to cope with the challenges we are, and will, face, and that we are looking forward to celebrating ringing the bells in the future.*

*Charlotte Furneaux, Swillington - A great read! Look forward to next week's edition for the Quiz - like the cryptic clues... it's good to keep the brain active. We're off for our daily walk now.*

### Answers to delivery top ten from last week.

**Back in the Day (Marston Quarter Peal Weekend) Saturday 18th April & Sunday 19th April 2009** Having enjoyed a lovely ringing outing the previous year to Dorset's Jurassic Coast we organised a further visit in 2009. We rang two quarter peals in the morning and general ringing in the afternoon was as at Kingston, Wareham (which was for a wedding), and Langton Long.
