

# MARSTON UPDATE

## August 25th, 2021

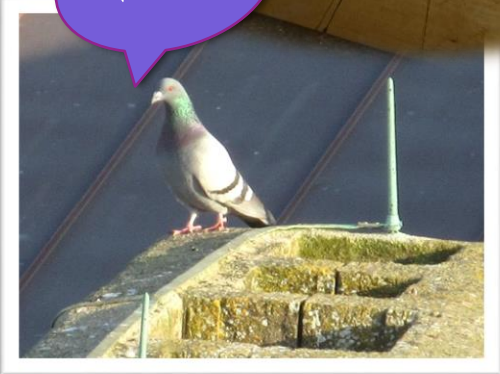

Hugh Deam  
Compiled by  
Donna Bennett  
Issue #214

Before...

**Thank you Richard!**  
Whilst we were on our enforced absence from ringing the sound control boxes were left open and consequently pigeons took the opportunity to peck their way through the mesh on the south side and avail themselves of an ideal nesting site. Since June we have only judiciously opened the box, so we are extremely grateful to Richard Bennett for coming over on Sunday afternoon, prior to our service ringing, to put in place some rather more durable mesh and check the stays.

Vandals!

After! 😊

### Repeating Success

Following the success of the first eco-market in July there is another planned for Sunday 19th September and we should hopefully be ringing for the outdoor service afterwards.

### A to Z Miscellany

**O**

Oxford, Carfax tower,  
Sat 13th April 2019  
Benjamin attended the Young Ringers event and took this (coincidental?) photo whilst there.

### A to Z Miscellany

**P**

Powys,  
New Radnor war memorial,  
which takes the form of a soldier from the Great War stood above a four sided base, upon which is carved the names of the fallen from the village. (Outing, Saturday 1st April 2017)

Me again!

Thankfully there's no mesh at Carfax.
